

PROVEN PARTNER IN TECHNOLOGY

Landfill Solutions

AMR PEMCO brings decades of atmospheric gas and electronic instrumentation knowledge and experience to the landfill sector to improve safety and operational efficiency. Our products meet and exceed regulatory requirements for hazardous locations to provide vital information on a daily basis for any size operation. Common applications include methane wells, natural gas pipelines or vents, processing stations, storage tanks, and production facilities.

MC—6500 Natural Gas Monitor

The MC-6500 Natural Gas Monitor provides full scale, real-time Methane monitoring in natural gas pipelines. Using the latest in sensor technology, the monitor detects methane content by minimizing effects of other hydrocarbons present, while compensating for shifts caused by temperature and Carbon Dioxide.

MC—6410 Multi Gas Monitor

The MC-6410 Multi-Gas Monitor is a self-contained atmospheric monitoring solution in a rugged, NEMA 4X polycarbonate enclosure. Capable of monitoring multiple gas types simultaneously in dozens of unique configurations, the sensors operate at low current for increased energy efficiency.

Electrical Distribution Equipment

CUSTOM PANELS

Turn key solutions, Custom enclosure design and manufacturing. CSA/UL/CE certifications available, power and control panels, custom 3D copper bus bar design, and fabrication. Breaker cabinets, PLC's, drives, and controls.

CUSTOM ELECTRICAL EQUIPMENT

IBC's and equipment enclosures including HVAC systems and design, installation and integration of all types of equipment.

SPECIALTY MAGNETICS

Custom applications including reactors, inductors, and rectifier duty transformers

E—Houses & Control Buildings

Custom Control Panels, Copper Bus Assemblies, Termination Compartments, and other accessories available

E-Houses, DOBE's, skid-mounted, and many other styles

Mild, stainless, and galvanized steel construction available

Complete installation and electrical integration of all equipment

Installation to NEC guidelines for acceptable work practices and clearances

Engineering services for electrical integration

Delivering quality electrical solutions for over 60 years
