Core Capabilities

- Industrial & control buildings (ICB) and equipment enclosures including HVAC systems and design, installation and integration of all types of electrical equipment
- Complete skid mounted systems including switchgear, AC & DC Drives, transformers and control systems
- Complete skid mounted power centers and substations for harsh duty applications
- Custom designed dry type transformers up to 4 MVA and 25kV class.
- Specialty magnetics for custom applications including reactors, inductors, and rectifier duty transformers
- UL and CSA certified control panels with custom enclosure design and fabrication
- 3D modeling capabilities for all enclosures and bus assemblies.
- Electrical, mechanical, and transformer engineering

CUSTOM CONTROL PANELS

Control Panels

- AMR PEMCO's two panel shops provide standard, or customized turnkey solutions for all of your control panel needs. Our years of experience in the mining, power, transit, water, and waste water sectors offer various standardized designs to choose from. However, we also recognize that every project has unique challenges, and thus we offer fully customized solutions to meet your specifications.
- AMR PEMCO can also provide contract manufacturing services through our two sister companies. Therefore, even if you are not in need of our automation integration services, we can provide high quality control panel manufacturing no matter how big or small the project.

Features:

- UL® 508A Listed Panel Shop with CSA certification available
- Off-the-Shelf Hardware and Software Components
- Turnkey Services including – Design, Build, Program, Install, and Service
- Complete, Custom Metal Fabrication
- Standardized and Thorough Documentation:
 - Specifications, Bill of Materials, Schematics, Operator Manuals

Benefits:

- Experienced panel builder with on-staff engineers
- Automation services available for a total project solution
- Low Cost Hardware and Production for Cost Sensitive Projects
- Faster Project Approval, Coordination and Completion to meet any deadline
- Quicker and Easier Repairs for long term maintenance
